I am Asking For Your Help To Take One Minute
To Sign An Important Online Petition

While holidaying in Southern India we rescued a little dog and got involved with Animal Rescue Kerala, which was set up by an English Lady a few years ago.

In her 60's, Avis sold up everything in the UK and literally had a rescue centre built from nothing, for Dogs, Cats and Horses.

TO STOP THE ILLEGAL SLAUGHTER OF DOGS

and other animals. To allow Avis, the vet, dog rescuers and volunteers to officially do their work of rescuing appalling cruelty cases, dogs hit by cars and left road side to die.

Sterilizing and inoculating against Distemper, Parvo and Rabies. Returning healthy and inoculated street dogs back to their packs, where they belong and rehoming kittens, puppies and Pedigrees.

PLEASE SIGN THEIR PETITION

Yes, there are pedigrees. We met Labradors, Rottweilers, GSD's, Great Danes, Japanese Spitz, German Spitz, Doberman Belgium Shepherds, Neapolitan Mastiffs and Tibetan Mastiffs.

To name just a few of the saved dogs that entered our hearts.

India is a good country, who will officially recognise this Charity if enough pressure by the petition is presented.

EVERY SIGNATURE WILL COUNT AND SAVE A LIFE
